

You should learn to
do like your daddy, search
and double search your
pockets. Just a little
note could get you in a
world of trouble.

Hi C.L.

Dec. 9, 1965

ICSE0114

I looked for that picture two nights
and one morning. I turned to flip
the switch on the wall as I was getting
ready to get in bed last night and there
was the picture sitting on my
dresser in a little frame.

I spent Thanksgiving with Mather,
Lala, and Mike, and came home
that Friday.

One of Leola's little boys stays
with Mather. He is smart and they
are getting along fine together so far.

Milton has only one day for
Christmas so they won't be coming
home.

Did you get to see Raddy? They passed
through the Saturday after Thanksgiving
coming from Mr. Snigshy's brother's
funeral. Raddy had to flee into St. Joseph
College since then, trying to dodge
the army. I don't know if he is secure
or not.

You left these two dollars in your
Coast pocket. I think Shirley left some ^{Evening}
in Paris powder. I'll send them the money
for that later. Love to all of the gang,
Mather
