BOSTON UNIVERSITY SCHOOL OF THEOLOGY

Date: May 15, 1960

To the Faculty: I would like to request permission have an extension granted on the due date for papers and reading reports. When I returned from Singora! Tour I had to go on to Montgomery, Ala. for my trial. This was not to come up until the end of May but the local judge called it early. The trial took up most of last week and so I was unable to finish my papers. The trial is now in recess and will be resumed whenever the judge decides to. This possibly will be on May 23 or later. I can finish most of the work during exam week but if the trial comes this early or earlier I will not be able to. Therefore I request an extension date of June 15. I should be able to finish my work by that

9919-10880 with trial, and perhaps a few signed days in jail. These courses are:
