Avoid slogan + rhetoric; Summarize

1. Make clear, brief + forceful; we have always wanted + tried to meet w. all Dems. in Miss. loyal to natl. platform - It has been our hope to maximize co-operation w. all who want LBJ to carry state - We have been spurned. What we, W + N., have done is try to work out ways to minimize strife + maximize chance to carry Miss. for LBJ.

We are an "open party" - open to all soc. + all Dems, they are closed - to Negroes and to any Dems. to work effectively for LBJ -

alt > We are not trying to divide the Dem. Party, we are trying to provide a Dem. Party that will win

which will support the natl. party, platform + candidates - litany of saints -
FOR - [45] TEX - LBJ

We have supplicated - etc - to assert our rights as citizens - and assume our rights + resp'ts - as Am. citizens - resp'ts, as Dems.

All we ask is your help in getting
 in election - When we have the
 election in Min we will join the
 main stream + ~~reject~~ ~~Extremism~~
~~with~~ reject the extremism which has
 charred the beautiful name Miss. through
 the world - We will build a Democrat
 party in the deep south - a party to
 work for Democratic victory
 to send true, liberal Democrats
 in Congress, and Democrat votes
 in Miss.
